

Thunderbird Flyer

FEBRUARY 2024

Principal's Message

Boozhoo Thunderbird families.

It is so wonderful to be back at Mine Centre School working with our Thunderbird students, staff, families and the community members of Seine River, Mine Centre and Nigigoonsiminikaaning. This morning we had our first Star Thunderbird assembly to recognize our students and staff for coming to school and making a difference! We launched our Character Education trait for February: How to show kindness. Throughout the month, staff and students will learn fun and creative ways to show kindness, practise kindness in their daily work and reap the benefits of being kind to one another. There is a lot happening this month including Valentine's day activities, Kindergarten registration, our book fair and Family Literacy day, so please follow us on Facebook for more information. We are always looking for parents to join our School Council. Call or text if you are interested or better yet, stop in for a visit.

~Barbe Dennis- Acting Principal

Proceeds go to support end of the year student activities.

RRDSB Student Nutrition and Supports

Student Nutrition and Supports

www.rrdsb.com/parents/nutrition_and_supports

The Nutrition and Student Support program helps students overcome obstacles to regular attendance and success at school. It facilitates consistent nutrition programs at all Rainy River District School Board schools and provides support for basic personal needs, eliminates attendance and participation barriers, and supports student pathways.

For more information contact:
Tara Rajala, Student Nutrition and Support Coordinator
Rainy River District School Board
