

# Mine Centre School Improvement Plan

**Overall Objective - Students will feel valued, comfortable and challenged they are at school**

**Our student achievement plans:**

- are a living collaboration between classroom, school, families and community,
- improve our student's sense of well-being, confidence and achievement.
- are at each student's grade, instructional and comfort level.

**Numeracy Goal** - Students will feel more comfortable and confident exploring mathematics and persevere when they are challenged.

**Instruction:**

- use of string and mental math strategies,
- use small-group instruction and flexible grouping strategies when possible,
- embed social emotional learning approaches.

**Assessment:**

- teacher observations, paper and pencil tasks, student-teacher conferences,
- use leveled achievement tracking tools.

**Target:**

- 80% of mine centre students will achieve at grade level -1 in math fact assessments.

**Literacy Goal** - Students will feel successful reading and writing at their level and will continue to improve.

**Instruction:**

- use modeled, shared & guided reading and writing strategies,
- Use teaching learning resources (e.g. grade 1-2 Heggerty until grade 2 and, UFLy until grade 5),
- Personalized program with student choices.

**Assessment:**

- Conferencing with students and observation during class time,
- use leveled achievement tracking tools .

**Target:**

- 80% of mine centre students will achieve at grade level -1 in reading decoding assessments (Baseline 1% in Core Phonics survey).

**Community, Culture and Caring Goal** - students will feel safe, valued and connected at school, and will be confident interacting in the wider community.

**Instruction:**

- trauma informed practice,
- provide counselling, individual and small groups by staff and community partners,
- conscious and progressive discipline.

**Target,**

in a survey at the end of the year (*also ongoing*):

- 80% of mine centre students will report that they feel safe at school,
- 80% of mine centre students will report that they feel that they are a valued member of their class,
- 80% of mine centre students will report that they feel that they are comfortable talking to some adults that work at school.
